# DEKEMA. Passion.

It's our ambition to further refine our already matchless dental ceramic furnaces. We have decades of experience with every component of our products. Dental ceramic furnaces by DEKEMA are made exclusively of high-quality materials and are superior in their class. As a fully independent German manufacturer, we top the highest quality expectations.

## **What are your benefits?**

The best performance, reproducibility and quality are embedded in incredible ease of use. In short: top-class aesthetics.

**„YOU HAVE TO DELIVER  
PERFECT WORK?  
DAY AFTER DAY?  
YOU CANNOT AFFORD  
A DIFFERENT PRODUCT.“**

Experience the world of DEKEMA in your lab every single day. We offer the highest level of service. Fast support matters of course, as is the rapid and straightforward provision of replacement equipment and support for new developments. That's what we all stand for, DEKEMA and our worldwide partners.

Naoki Aiba, *oral design* Center Monterey

# DEKEMA. Claim.

The DEKEMA AUSTROMAT™ family is a result of a premium workmanship. The unique concept of the firing chamber, the intuitive user interface and its functionality, which sustains any worldwide comparison.

## **Perfect results – simple as never before.**

Control your AUSTROMAT™ via the high-resolution touch screen, with your computer or your smartphone. We even provide solutions for a one-click cycle start. Don't waste your time with programing, emphasize on your core business.

**„AS SIMPLE AS POSSIBLE,  
AS DETAILED AS NECESSARY!“**

## **Fine tuning necessary? Any time!**

Up to five different input screens offer access to every single parameter, even during the program run.

## **Feels like home.**

The user interface is consistent throughout all models. No matter which furnace you use, you immediately feel familiar and training has gone the way of the todo.

## **Everything is possible!**

Do you prefer working with a computer mouse or a keyboard? Just connect them to the USB interfaces and get started.

# DEKEMA. Manufacture.

## 100 % Made in Germany.

All DEKEMA furnaces are hand-crafted products of our German manufactory. Every single part is either manufactured inhouse or prioritized from specialized regional suppliers.

## DEKEMA. Customize.

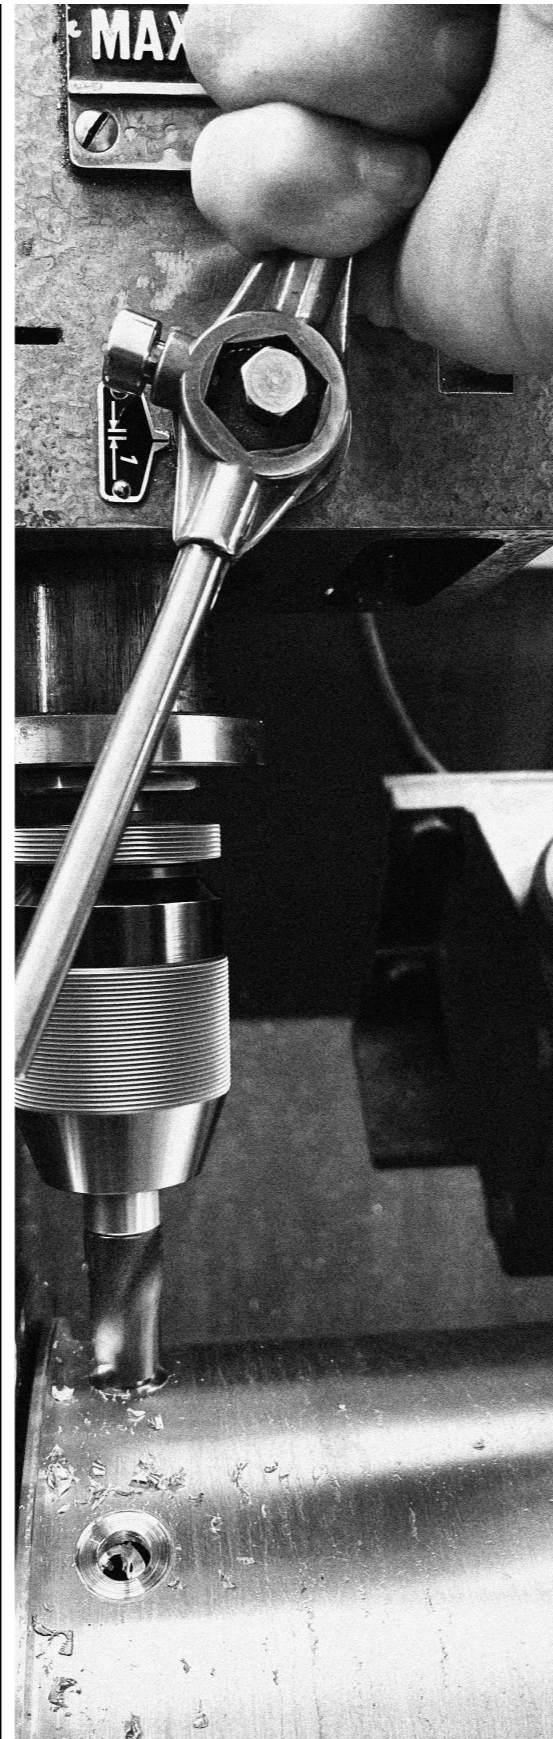

You would like to individualize your furnace? Let your equipment reflect your personality. An individual screensaver, your logo, or your corporate color – DEKEMA customizes your AUSTROMAT™.

## DEKEMA. Housing.

- » Convection cooling integrated by design without separate fan
- » Corrosion-free and lightweight aluminum housing
- » Surface texture in matt silver or matt black

## DEKEMA. Lift system.

- » Vibration-free lift movement
- » Durable, maintenance-free stainless steel mechanical parts
- » Individually selectable drying position

## DEKEMA. Firing chamber.

- » Designed decades ago – used for decades – refined over decades
- » Unsurpassed harmonic energy distribution
- » Each of the firing chambers are assembled at DEKEMA, with audited and weighed insulation components

## DEKEMA. Fibre insulation and stone insulation.

- » DEKEMA fiber insulation – high-purity insulation, precise and dynamic
- » DEKEMA stone insulation – the traditional type of insulation, innovated by DEKEMA, unique in the market, favored by the world's most famous and best dental technicians

## DEKEMA. Heating element.

- » In-house manufactured heating element coil
- » Unsurpassed in durability and longevity

## DEKEMA. Thermocouple and control.

- » Platinum/platinum-rhodium thermocouple, purest quality with an accuracy of measurement far below 0,5°C
- » Best temperature behavior
- » DEKEMA silver wire test ensures only one temperature measuring point

# DEKEMA. Equipment.

## DEKEMA trixpress™

trixpress™ – patented and worldwide unique!

The DEKEMA trixpress™ system includes ring sizes of 100 g and 200 g, adapted to the functions of the AUSTROMAT™ 654 and AUSTROMAT™ 654/™.

The two sizes cover all pressing and overpressing techniques.

Since the disposable placeholders can be arranged as desired, you can simultaneously process up to 20 g of porcelain and/or three different colors simultaneously during one single pressing. The use of the press ingots can be optimized by distributing the porcelain to several plungers.

## DEKEMA AutoDry™

DEKEMA AutoDry™ simulates the object temperature and automatically regulates the distance between the firing object and the chamber.

The vibration-free lift enables precise and accelerated drying, heating and cooling phases.

## DEKEMA MPTA (Multiple Press Time Automatic)

The advancement development of the upwards-pressing propulsion of the legendary AUSTROMAT™ 3001 press-i-dent: this unique upwards-pressing propulsion, installed in the AUSTROMAT™ 654 and AUSTROMAT™ 654/™, provides perfect pressing results. Epic in precision and accuracy.

## Soft Touch Lift function

The Soft Touch Lift function enables to precisely and flexible control the lift of your DEKEMA furnace via the front panel – easy and intuitive.

# DEKEMA. Highlights.

## DEKEMA IoT (Internet of Things)

Just register your DEKEMA furnace at DEKEMA online and profit from a secure backup of the process data and fast service to minimize downtime.

## DEKEMA online service

Our DEKEMA online service is available twenty-four-seven. Register at [www.dekema.com](http://www.dekema.com), save time and get the best service and support.

## DEKEMA Connect

Connect your AUSTROMAT™ to the internet. Benefit from almost unlimited possibilities in operation, programing, control, and maintenance of your AUSTROMAT™.

## DEKEMA Check

Internal test routines during the program run monitor all relevant parameters. An automatic diagnosis routine has been integrated for all substantial components to determine the service intervals.

## DEKEMA online

More than 100.000 firing, pressing and sintering programs of all manufacturers of dental ceramics in our database – and more are added every day.

Load and play – it doesn't get easier than this!

## myDEKEMA

The installed VNC server provides remote access to your device, only through your active clearance, in case of questions. This reduces downtime and eliminates shipping your furnace or arranging service dates on-site.

## OPC and OPC UA

OPC – proven technology for communication between automation systems.  
OPC UA – an advanced, platform-independent and secure architecture that enables seamless connection of different devices and supports real-time data transmission.

# Welcome to the Circle.

## DEKEMA Circle

The DEKEMA Circle connects all of your DEKEMA devices. You profit from online software updates and backups, internet database connection, remote control, and the automatic transfer of project-specific firing, pressing and sintering programs.

**„JUMP INTO THE DEKEMA CIRCLE – YOU WON'T STEP BACK.“**

## Enjoy control

You're in a meeting and want to supervise your AUSTROMAT™? With the DEKEMA Circle and your smartphone, you easily remote control your AUSTROMAT™ devices. Is the firing already finished? Did you adjust the temperature? Find all information you require, whenever you want, wherever you are.

## Houston, we have a problem!

You have questions – we have the answer. With an internet connection, our support can access the furnace remotely – if you allow us to! By analyzing your QM data, we troubleshoot from any place, anywhere, anytime. We want you to be operational.

**„IT ALL BEGAN  
WITH A  
CERAMIC FURNACE.  
TODAY  
YOU RECEIVE THE  
MAGNUM OPUS.“**

Dr. Stephan Miller, CEO
